

VSL Call Flow: Keep It Simple

Not a script to recite. **Your only job: find out 5 things, then decide the next step.** You're sorting, not selling. Forget a line? Doesn't matter. Just get the 5 things.

The 5 things

#	Find out	Write it here
1	Why now?	
2	Goal: in their words	
3	Funds: how much, ready or not	
4	Who decides: alone or with someone	
5	Ready: act now or just looking?	

1. Open (word for word, then breathe)

"Hi [Name], it's Tye from Freeman Richards' team. You watched the Airbnb video and filled in the application. Have I caught you at an OK time?"

Bad time → "No worries, when's better, later today or tomorrow morning?" → lock a time → done.

2. Hand it to them, then stop talking

"I've got your application here. I just wanted to get a better idea of where you're at, what's got you interested in property and why now?"

Listen. They'll often answer 2-3 of the 5 on their own. Tick them off.

3. Fill the gaps (only what they haven't told you)

"Goal: And what would that actually mean for you, if it worked?"

"Funds: On the form you put [X]. Is that ready to go, or would you look at a payment plan if it was right?"

"Who decides: Is this just you, or is someone doing it with you?"

"Ready: If it all makes sense on the call with Freeman, is this something you'd want to act on now, or more looking for info at this stage?"

4. Decide + next step

You heard	Say
£5k+, ready, clear why	"Sounds like a call with Freeman makes sense. He'll map out your first steps. I'll send a short video to watch first. When works for you, and [partner] if they're involved?" → book → Call Confirmation text
£3-5k / nervous about money	"There's a lower-entry route, Airbnb management, no lease to take on. I'll send you a quick video. Can I ring you [day] to hear what you think?"
Wants info / not ready	"No problem. Freeman's call is a strategy call to move forward, so let's not rush it. I'll send a video. When should I ring you back?"
Under ~£2.5k / no plan	Friendly, no pressure → YouTube channel, door left open → DQ email

5. Close the call

"Perfect. I'll send that over now. Speak [day]."

Then straight away: **/log [name] [outcome] [notes]**.

When you freeze

- "Tell me a bit more about that."
- "What made you look into it now, rather than a year ago?"
- "And how would that change things for you?"
- "Fair enough. What's holding you back at the moment?"
- Silence is fine. Count to 3. People fill the gap.

Confidence

- **You know the offer. The call isn't a test of that.** You only need their 5 answers.
- **Curious, not perfect.** A genuine "why?" beats any script.
- **Warm up first:** make your first call an easy one (a callback), not your best fresh lead.
- **Stand up and smile.** You'll sound warmer and calmer.
- **Bad call? Log it, next one.** Confidence comes from reps.
