

Questions for the Previous Dialler + Earnings Plan

Ask these in your handover. Money questions first, so you get paid on everything you're owed.

Your pay

- 1 Do I get commission on every close from a call I booked, or only ones I close myself?
- 2 How are Ray and I split if we both worked the lead?
- 3 Is commission paid on signing or as each instalment lands? What happens on a refund?
- 4 Do I earn on Deal Sourcing, Blueprint or Management sales? At what rate?
- 5 What did you earn in a good month, and what did that month look like (bookings, shows, closes)?

The offer right now

- 1 What are the current prices and payment options for each route?
- 2 What's the exact wording for Gold's 90-day guarantee, and when can I mention it?
- 3 Where do I get the prep video, case studies, Blueprint link and YouTube links?
- 4 Which videos actually get watched and lead to shows?

Leads

- 1 Which lead source books and closes best: VSL, webinar, Instagram or Calendly?
- 2 How many new applications come in a day, and when do they usually land?
- 3 Which old lists are worth working?
- 4 What do Setter Pipeline and Closer Follow Up actually mean day to day?
- 5 How do new-app claims work with Ray?

Calls

- 1 What are the top 3 objections, and what do you say that actually works?
- 2 Why do people no-show, and what fixed it?
- 3 What's your show rate and booked-to-close rate?
- 4 What's the best time of day to reach people?
- 5 What red flags does Freeman hate seeing on his calendar?
- 6 Can I listen to 3 of your best calls and 1 bad one?

Freeman

- 1 What does he want in the notes before a call?
- 2 What annoys him most: no-shows, weak leads, messy notes?
- 3 When is his calendar busiest? Should I leave gaps?

What Freeman measures you on

KPI	Target
Speed to lead	Under 15 mins (under 5 = strong)
Contact rate	70%+
Qualification accuracy	85%+
Prep video watched	70%+
Appointment confirmation	90%+
Show rate	80% minimum, 90%+ excellent
No-show recovery	40%+
CRM compliance	100%

Primary KPI: qualified show rate. Fewer, stronger, prepared prospects beat a full calendar of people who won't show.

How to earn more

- **Shows are where your money is.** A booking that no-shows earns £0. Invite accepted on the phone + video + reminders = pay.
- **Book fewer, stronger leads.** Freeman's close rate is your commission.
- **Speed to lead.** Call within 5 minutes. Answer rates drop fast after that.
- **Route, don't bin.** £2.5-5k → Management = £250-£300 per close.
- **Win back no-shows.** 40% recovery is free bookings.
- **Build the follow-up bank.** Today's "not now" is next month's booking.

The maths for £2,000 a month

Step	Number
Base	£500
Commission needed	~£1,500 = 5-6 closes
Shows needed (if 1 in 4 buys, a guess: check with the previous dialler)	~22-24
Bookings needed (at 80% show rate)	~28-30 a month
Per working day	~1.5 bookings

Replacing Sainsbury's (£700) = just 1 close on top of base.
